

Raja Rogers Meeting
March 21, 2006

David Lynch plans:

Here are some final points for Saturday morning's live webcast from the David Lynch Weekend at M.U.M.

1. Reminder that the presentation will run from 9:30-Noon Central Standard Time
2. The webcast link will be posted on the www.lynchweekend.org website, but the link we be put up only on the morning of the event
3. For those who are hosting a public campus showing: if students ask if they can submit a question for David or John, the answer is yes. They may call my cell phone: 641-919-4290. We will do our best to have at least a couple of questions forwarded to David and John from the remote locations, but ask that the opportunity only be offered if someone asks.
4. The webcast will be available as a videocast for viewing and presentation after the live event. The link will be posted on the www.davidlynchfoundation.org website. This may be useful for Governors who did not have time to organize an event in the time available, or where the local campus is on spring break this weekend.
5. Whether you are hosting a public event or not, you are welcome to invite the meditators in your area to view the webcast from their home computer.

Good results from universities in Gainesville, Wilmington, Greensboro, Greenville, Western Carolina University.

Some campuses have Spring Break during this time so there is a conflict with the dates.

Raja Rogers visited Boca Raton and the meditators, Sidhas and Governors there – 20 people with 24 hours notice. Raja Rogers was absolutely radiant and gave a very inspiring talk.

Q: Can Patricia Cox be a Governor-at-large who travels to places without Recertified Gops and gives presentations on Consciousness-Based Education? She can also send the DVD.

A: Raja Rogers: On the broadcast today, Maharishi emphasized the idea of do less and accomplish more. Do nothing and accomplish everything. So send the DVD first.

I mentioned the Detention Center and CBE on the Family Chat today. Need guidance from Maharishi on this. The idea is that you can nip it in the bud and turn them into an ideal citizen.

We experienced that in Estonia when teaching TM there. We sponsored 10 students to come to MUM and saw the transformation.

Patrick Pomfrey volunteered to go as a psychologist and TM teacher. Raja Rogers will talk with Maharishi about the whole plan about the detention center (in Paducah, KY). There are 7 centers in the US. One is located in Naples, FL.

Stuart Rothenberg mentioned that Sarina Grosswald's study was broadcast on ABC News and she is getting good publicity for her study. Info and video broadcast is at www.adhd-tm.org

Jim Schaefer – Disney University campus is near him with thousands of students. Will look into that.

Jeff Litwin: What about a domain-wide course? We are planning one. Our last course was \$495 double and \$595 single for 3 day course, at Bald Head Island with organic vegetarian.

Stuart and Joan's course (to calculate a course fee, we added \$75 for the weekend):

2 day \$315 single
2 day \$275 double

Our costs :

2 day \$240 single
2 day \$200 double

Jeff Litwin: When to have the course? July 4 or Memorial Day.

Raja Rogers: It'd be nice to have a course going on during Guru Purnima.

Diana Williams: What about a movement meeting during Guru Purnima?

Raja Rogers: Safety first. Better to have course on another date than near Guru Purnima so the Governors can attend any movement meeting, if it happens.
